

JORDAN CARTER

Software Engineer

jordan.carter@example.com | (555) 010-2486 | Austin, TX | [linkedin.com/in/jordancarter](#) | [github.com/jordancarter](#)

PROFESSIONAL SUMMARY

Software engineer with 6+ years of experience building web applications, APIs, and cloud-native services. Strong background in Python, JavaScript, React, Node.js, PostgreSQL, AWS, CI/CD, and secure authentication workflows.

SKILLS

- Languages: Python, JavaScript, TypeScript, SQL
- Frameworks: React, Node.js, FastAPI, Express
- Cloud and DevOps: AWS, Docker, GitHub Actions, Terraform, CI/CD
- Data and APIs: PostgreSQL, Redis, Elasticsearch, REST APIs, OAuth 2.0

PROFESSIONAL EXPERIENCE

Senior Software Engineer

BrightLayer Analytics, Austin, TX | January 2023 - Present

- Built a resume import workflow that parsed uploaded documents into structured profile fields, reducing manual edits by 42%.
- Designed FastAPI services and PostgreSQL schemas supporting 120,000 monthly active users with 99.95% uptime.
- Led OAuth and role-based access controls for user and admin portals, improving audit readiness and release confidence.

Software Engineer

Northstar Cloud Solutions, Remote | June 2020 - December 2022

- Developed React and Node.js features for account management, billing, and analytics dashboards.
- Automated deployment pipelines with GitHub Actions and Docker, cutting release time from 2 hours to 20 minutes.
- Partnered with product managers to convert customer feedback into roadmap items and measurable acceptance criteria.

Junior Developer

Greenline Apps, Dallas, TX | August 2018 - May 2020

- Built REST API endpoints, unit tests, and database migrations for customer-facing web applications.
- Improved form validation and error handling, decreasing support tickets related to onboarding by 18%.

EDUCATION

Bachelor of Science in Computer Science

University of Texas at Dallas, Richardson, TX | May 2018

CERTIFICATIONS

- AWS Certified Developer - Associate, 2024
- Certified ScrumMaster, 2022
